Learning from Will Alsop
Chris Williamson is inspired by Will Alsop's 2005 vision for a SuperCity across the north of England as well as his enigmatic approach to public consultation

10
Full disclosure
Andrew Clancy and Nana Biamah-Oforu discuss the Architectural Drawing Summer School and the challenge of educating sixth formers about the realities of a career in architecture

12
Still standing
Ian Volner analyses the appeal of Mies's Seagram building and unpicks the cultural conditions that ensured its instant success

14
In practice
Amin Taha photographed by Timothy Soar

20
The Post Building
Simon Allford and Glenn Howells discuss AHMM's transformation of the derelict Royal Mail sorting office in central London into a mixed-use city block and the future of the workplace in a post-pandemic world

36
Montague House
John Pardey talks to Chris Loyn about designing a private house on Hayling Island, responding to the site and building trust with clients.

46
One Chamberlain Square
Eric Parry talks to Tom Emerson about his approach to designing a commercial office building in the Paradise Birmingham development, civic context, ceramic facades and taking a creative approach to functional and financial constraints

56
Houses of cards
Elastico Farm's sculptural houses outside Turin are a startling riposte to their suburban surroundings and an investigation into the practical and poetic possibilities of Sardinian granite

64
Technical briefing: acoustics
Ben Burgess's guide to successful collaboration between architects and acoustics engineers.

66
Acoustics case study
UCL School of Management: Nicholas Hare Architects and Buro Happold describe their approach to designing a range of different acoustic environments

77
Office acoustics: a wellbeing-based approach
Anthony Chilton outlines acoustic strategies for the workplace

80
Acoustics in sustainable communities
Helen Sheldon discusses acoustic strategies for residential developments

86
Materials library
Allie Mackinnon and Charlotte Qureshi of Nimtim Architects share the practice's approach to sourcing and specifying materials
