Festival of Britain

Elain Harwood and Douglas Phillips on Historic England's relisting of nine structures associated with the 1951 Festival of Britain

12

In practice

Yemí Àlàdérún photographed by Timothy Soar

14

Still standing

Ian Volner looks at Le Corbusier's 1933 Centrosoyuz Building Moscow – and the architect's thwarted ambitions to become the standard-bearer for modernism in the USSR

17

Learning from Southampton's housing estates

Owen Hatherley on his experience living in two very different estates: one traditionalist, one modern

20

Architectural Drawing Summer School

Jessica Mairs reports on this annual five-day residential course in Somerset which gives young people an insight into an architectural career

24

The Rock

Jay Gort talks to Matthew Barac about Gort Scott Architects' private house in the Canadian mountain resort of Whistler

46

Lavender Hill

Patrick Lynch on Sergison Bates' conversion of a former sheet metal factory into a nine-home community set around a courtyard garden

62

23-25 Tontine Street

Charles Holland on the latest addition to Folkestone's culture-led regeneration, an enclave of artists' studios and apartments by Neat

76

Schüco Excellence Awards for Design and Innovation 2021

Projects by Patel Taylor, Coffey Architects/Stride Treglown, Wright & Wright Architects, Hawkins|Brown, Make Architects, Nick Shipp Architects, DMW Architects and Technique Studio/Stallan-Brand

98

Modern methods of construction

Professor Jacqui Glass warns architects not to ignore innovations in technology and manufacturing and offers practical advice for getting to grips with change

102

Roofing inspiration and knowledge

Ian Dryden from SIG sets out best practice for incorporating rooflights into flat roofs and standing seam zinc roofs

106

Ask the expert: zinc

In the first of a regular series, Jonathan Lowy from VMZinc answers readers' questions on zinc

108

Materials library

Hawkins|Brown partners Morag Morrison and Massimo Tepedino discuss the practice's approach to colour and materiality and measuring the embodied carbon of the materials they use
