

8

John Outram: one of a kind
Charles Holland reviews the first major study of John Outram's highly idiosyncratic career

10

Learning from design codes
As the new National Model Design Code is trialled across the UK, Gail Mayhew looks at lessons to be learnt from previous attempts to codify urban design

14

Still standing
Ian Volner analyses the mesmeric power of Carlo Scarpa's remodelling of the Fondazione Querini Stampalia in his native Venice

16

Ukraine: collaboration for a brighter future
The international architectural community helps the Kharkiv School of Architecture to stay operational through the war and influence rebuilding plans

19

In practice
Dav Bansal, partner at Glenn Howells Architects, photographed by Timothy Soar

22

The Burrell Collection
Jennifer O'Donnell delivers her verdict on John McAslan + Partners' controversial remodelling of The Burrell Collection, a much-loved Glasgow institution

46

200 Becontree
Marwa El Mubark reviews Archio's 'super-sized villas' – high-density infill housing at east London's 100-year-old Becontree estate

58

San Salvatore
Louis Mayes enjoys Pierre d'Avoine's conversion of a chapel in rural Umbria into a contemporary home

74

Housing future lifestyles
An expert panel of architects and developers ask how planning, design and delivery can facilitate the provision of housing that responds to changing lifestyles at a round table discussion hosted by AT and Geberit

78

Research case study: White Arkitekter
Kat Martindale looks at the way White Arkitekter uses research-based intelligence to encourage clients to adopt a radical approach to reuse

82

Ask the expert: copper
Simon Walker of SIG Zinc & Copper, and Sandy Harrison of KME TECU answer readers' questions about copper

84

Materials library
Vaugh Thistleton Architects' founding director Andrew Vaughn and associate Rachel Crozier on working with timber and other low-carbon materials and changing the way we build
