

Seminar on Infrastructure Planning and Construction for Latin American and Caribbean Countries

Código de Beca:	1127
Nombre:	Seminar on Infrastructure Planning and Construction for Latin American and Caribbean Countries
Descripción:	<p>Shanghai Business School (referred to as SBS), which was named as Shanghai Education and Training Center of Commerce, is an undergraduate college under the direct auspices of Shanghai Municipal Government. SBS is composed of three campuses, including Xuhui campus, Fengxian campus, and Yangpu campus, which covers an area of 400 mu. SBS involves 7 discipline fields and offers 26 undergraduate programs and 13 advanced vocational programs. There are more than 500 faculty members, among whom 88% have Master or PhD degrees. The school boasts modernized infrastructure. In addition, the construction of Smart Campus has reached international advanced level. In 2010, SBS was authorized by the Chinese Ministry of Commerce as one of the training bases for international business officials. We are focusing on “intensifying internal management and brand construction” to facilitate the foreign aid training capability, constantly intensifying internal standardized management, emphasizing management system construction, prolonging service chain, as well as highlighting people-oriented service and creating an atmosphere of Chinese Alma Mater for officials from various countries. Aiming at “bridging friendship, serving foreign affairs, improving training quality and emphasizing training efficiency”, we are making the greatest efforts to construct the Shanghai training base for international business officials as one of the most influential training organizations for foreign aid.</p> <p>Under the great leadership of the Chinese Ministry of Commerce and in the close cooperation with some relevant institutes, SBS has successfully held 111 seminars for international business officials by the end of 2017, providing training service for 2902 officials from 131 countries and areas in total, which has brought out excellent training effects and has been highly appreciated by all the participants.</p>
